DRAYTON VALLEY, ALBERTA.

FOOTBALL (Cont., from page 11, Col. 5)

The Steeler squad into camp. Bruce Sparta's boys come through the Ponka game without any injuries and will be dangerously healthy come Monday. Of course the locals have a date in Wainwright on Saturday against the Commanders. However, the double game weekend should not be too big a problem for the local squad and the Wainwright game should not have too much bearing on the outcome of the local contest on Monday.

On Bentham competition Harold Townsend's Dolphins travel to Stettler on Saturday for a game with the Blatners in that center. The Steeler boys will be returning the visit to D.V. later in the season.

EAGER EKS STILL UNBEATEN:

The smooth running Little Green and Gold football machine under the tutelage of Dunc Larbalentier and Bob Anderson have went through another football weekend undefeated. The Eks have never tasted defeat since their inauguration into Pee Wee football a year ago and are gradually becoming somewhat a myth in local football circles. The Eks is becoming more and more prevalent that the Green and Gold is unbeatable.

Last Saturday afternoon the Lions under the direction of Rev. J.C. Wulff and Al King gave the Eks a hard time and really threw a scare into Dunc's boys. In fact it was a scoreless tie and very much anybody's game until about two and one half minutes from the end when an off-side penalty against the Lions set the Eks up on the Ek's twenty and two plays later they beat the Eks on an on and away for the only T.D. of the day. The convert was blocked so it wound up 6-0 in favor of the Greenbacks.

The Lions played out of a spread formation which was not effective in yardage despite the fact that it was a change and produced some of the most colorful football we have seen played among the little fellows. Near the end of the first half the Lions were really threatening against the Eks when time ran out. In the second half the Eks had a decided advantage in yardage, however, the offside call on a quick kick was really the deciding factor in the major score. The Eks defensive unit led by Allan Gray and Larry Metelski sent the Lions for some huge losses behind the line and possibly was the deciding factor in the outcome of the game. The Lions had a good running attack in the bag, however, they seldom got by that deft green front wall who seem to be hitting like old pros this year.

Next Saturday at 2:00 p.m. the Lions take on the Stampeders in a battle for the Stampeders in the Pee Wee League. Both teams have felt prey to the homecoming Eks and each is looking for the first taste of victory, this season. So we should be in for another interesting afternoon of Pee Wee football at the local field come Saturday.

From Scoop's Notebook

At the Gymkhana Rodeo held recently one of the more exciting features by were rides by Henry the Barber, and Scotty Ambison. Scotty told that one good thing about his ride was: He got to FINE!

Mrs. Helen Lanthier, comely sister of Melville Gordon Bowman, from Bon Erie, Ont. is visiting with her brother and his family. Since Gordon hasn't seen Helen for some time he calls

her his "long lost sister" ***** Ron Carter, very popular manager of the Drayton Valley Hotel, left last Sunday to take up his new duties with the Cavalier Hotel in Saskatoon. Ron had been here six years on August 1st. The Cavalier Hotel is just a building, and won't be ready for occupancy till this year end. Ron, like so many other good folks who have left the Valley, subscribed for the P.N.A. before he left.

A new face may be seen in Kins Mens Wear. Ed, Fenski, former D.V. resident, came to work in Kins' from Don Miller Hardware in Red Deer.

Former Kenite Bob McKeller had to leave to go to his parents farm to help them out, at Condon, near Rocky Mountain House.

1961 CROPS

With crops almost 100% harvested in Alberta the final crop outcome has been far better than any had dared to hope in the early summer drought.

Crops are outstanding this year in most places. Of course there are sections of the three western provinces where they are almost a total failure, but in spite of the threat of very dry summer, rains came in time to most places to save the crops at least, and, while in many areas the hay crop was not as good as in previous years, there will evidently not be the great shortage of feed that many had predicted early this summer, though feed will be in short supply in some places.

We were up to the Peace River country over the last Labor Day weekend and crops in that area are almost fantastically good. Wheat is running from 30 to 60 bushels to the acre and is of the

very best quality. One man had just brought in his wheat to the elevator at Dawson Creek, B.C., his crop had run a full fifty bushels to the acre and had graded the highest possible grade; his farmstead wheat all brought in a No. 1 Northern grade. Throughout all the prairie this year, in areas that had not produced any No. 1 wheat for years, wheat is consistently running No. 1.

The entire area north of Edmonton and north-west of Edmonton is unusually good, in spite of early pessimism regarding the crops and the hay crop. The unusually warm summer we have had throughout the west generally has no doubt had much to do with the excellent quality of the grain produced. This district, too, has had very good crops this year. Crops of barley running up to and sometimes over 70 bushels to the acre have been reported. Earl Anderson reported 100 bushels of wheat to the acre, for which he got a very good price at the elevator.

Gardens, because of the lack of rain early in the summer, were perhaps not as good as in some past years. But apparently, with a few exceptions, throughout the great western country, crops are very good again this year, and this approaching Thanksgiving may be observed with real gratitude by all, as we are still all very dependent on the bounties of the land.

EDSON HEALTH UNIT MEETS
(Cont., from page insert B) At a recommendation of the Red Deer Health Unit Officers are of an outstanding cattle and feed is a target for other Health Units to aim at for many years to come. One interesting thing of note was that this accommodation is square to the Health Unit by the M.D. of Red Deer as a core per separate considerable less than the accommodation rented by the Edson Health Unit at any of their main offices. Discussion followed on a

letter from Dr. A. Somerville, Deputy Minister of Health with regard to touring midways in reply to a Health Unit request for more control over such midways. Discussion was held by the Board with regard to trailers and trailer coach parks in view of the implementation of legislation effective from August 1st, 1961 which demands that all trailer coach parks be serviced with sewer and water. While many trailer coach parks in the Health Unit area do comply with these regulations in some cases trailer coach parks of longer standing have not as yet complied. The Medical Officer reported on the condition of the Town of Edson water supply as re-

Health Unit by the Board Chairman and himself. The standard walked in examination of water samples. The Council have engaged the services of a consulting engineer for recommendations on Edson's Municipal water supply and relevant information was forwarded to the consultants. A report was given on houses which had been placarded as unsanitary and unfit for human habitation.

The Board Chairman presented a report of the sub-committee which met to consider proposed regulations governing the Edson Health Unit which would serve as a declaration of Board policy. This sub-committee consisted of the Board Chairman, Mr. J. J. Wympe, Mr. L.A. Mahon and some changes were made in the proposed draft and a final draft was accepted unanimously by the Board members. This declaration of policy attached appendices will deal with purchasing policy, schedule of services, procedure for staff appointments and duties of staff, staff policy and conditions of employment and staff salary schedule.

Chamber of Commerce Meeting

The first general meeting of the Drayton Valley District Chamber of Commerce got underway at 8:10 p.m. on Thursday evening of the 6th. October in the Council Chambers of the Town Hall, with President C.D. Fehr in the Chair. Other officers present were the Treasurer James G. Cummin and the Secretary W.G. Johannesen.

The minutes of the 4th, May 1961 were read - they being the minutes of the last general meeting - and on motion of H. Zollner (Cont., on page 9, Col. 3)

Football

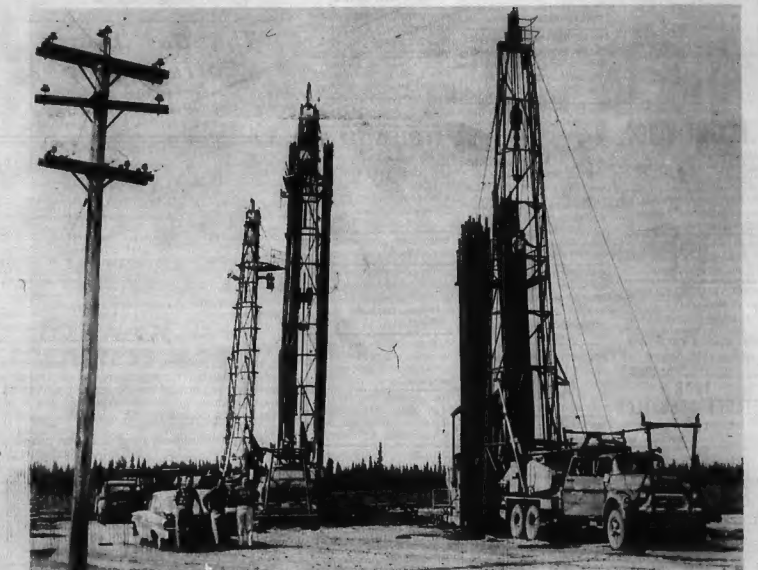

By Mike Gernley;

ILLEGAL T.D. THROWS SPARTANS.

If everything had been according to Hoyle, or if the game had been played according to the rules of the Canadian Rugby Union, the Drayton Valley Spartans would have come home with at least a 6-0 victory over the improved Wainwright Commanders. As it was however, the local High School outfit ended up on the wrong end of a 7 - 6 score in a game played in freezing weather before a meager crowd in the Army Town. (Cont., on page 11, Col. 9)

While some are traveling hundreds of miles to get geese Harry Brown of Drayton Valley got his right close to home. He was driving the wife and kiddies out in the Eastford district near the bridge when a couple of big grey Canada ducks went over. Harry jumped out of the car and cut down on one, which he brought down. The big goose, a prize for hunters, weighed about twelve pounds. Staff photo.

This picture of three of MacLean Well Servicing Units was taken on the Texaco Canada Limited Lease, 4 miles west of Drayton Valley and 3 miles south. On these leases Canada Texaco Limited are trying out new production procedures on their wells that were drilled on one location. These three wells were drilled from one location of account of

musky conditions; therefore two are directional holes; all three holes are approximately 5800 feet in depth. They are produced by hydraulic sub-surface pumps with one pump on the surface activating all three sub-surface pumps. The tubing in the wells is used as high pressure hydraulic line with the annulus serving as the production medium. The crude oil source from the tank battery is used as the hydraulic fluid to actuate the sub-surface pumps. The whole operation is planned so that each well can be tested separately, without having to shut down the other two. In case something goes wrong with the sub-surface pump, by merely reversing the oil flow

down the well the pump can be hydraulized out of the hole without assistance from any other equipment. National Supply were the suppliers of both the sub-surface and the top-hole equipment. The two service rigs in the back ground are Cooper Skyrope. The rig in the foreground is a Carwell A.H. All three are owned and operated by MacLean Well

Servicing of Drayton Valley. The men in the picture are, left to right, Emory Varga, engineer representing Texaco Canada Limited, Charles Monaghan, and Lloyd MacLean, owner of MacLean Well Servicing. Operating the three rigs are, Ivan Mason, John Threlka, and James Bollenhuts. The picture was taken by Curt Clamen last August.

on the Pool, which will be used
for community projects. The
Lions Club express their appreci-
ation for the cooperation and
help they have had in conducting
the World Series Pool this year.

The first Elk through the Lodgepole
Ranger checking station was
a fine 4 pointed deer by Fred Crow
on Monday, September 18. Fred
and his party consisting of Sandy
Sands, Harold Crow and Fred's
brother, Harold Crow, of Buffalo
went into the bush on Sunday

night and Fred got his game at
about 8 o'clock the following
morning.

Fred shot the elk 6 miles south
of Elk River, about 60 miles south-
west of Lodgepole. It weighed in
the neighborhood of 1000 lb. It
had to walk about half a mile to
the elk was mighty good eating.
On the way back to Edmonton sev-
eral evasive people flagged them
down to extend congratulations
on the fine buck.

Harvey Flanagan, who worked
here for Crown Lumber for two
years before leaving to go to the
Crown Lumber yard in Camrose
has been relieving Bernie von
Tettenborn for the past two weeks
Bernie and his wife Gladys are on
holidays in Saskatchewan.

Mrs. Fry is engaged to Flying
Officer Donald Boyd, who is
stationed with the Third Wing
in Germany. They are to be
married in Drayton Valley. No
date has been set as yet, but they
expect it will be a short while
after the New Year.

Mrs. Pat Fry, who is serving with
the Canadian R.A.F., as a flight
control operator has been visiting
with her parents Mr. and Mrs.
Truman Fry, of Violet Grove.

Traveling through Drayton Valley
pencils and camera in hand re-
portedly were Bill Martin and Vic
sary, of Victoria, B.C. They have
Jones of the Calgary Power Ltd.
publicity department. They were
a three-week tour through. Kathy
and Leo are also with the C.N.A.,
covering the Calgary Power plants
at Waterton and the dam at Beau-
sault. While in Drayton Valley C.,
they took pictures of our town.

**Candidates for
Council**
Election Day in Drayton Valley
comes up Wednesday, October
18, with three good men conest-
ing two seats on the Council. Mr.
Adrian Muler was returned to
office of Mayor by acclamation.

(These three who are competing the
Council seats are Mr. Karl Wahl,
Mr. Herb Buchholz, and Mr.
Karl Thompson.

D.V. Highlights

By: Edith Deby

Mrs. Robson Ucheyshyn will entertain at a bridal shower on October 21 at 8 p.m. for Miss Rose-ale Robson, whose marriage to Mr. Malcolm MacGregor will be an event of early November.

Miss Robinson is the daughter of Mr. William Robinson and the late Mrs. Robinson. Mrs. Ucheyshyn extends a most cordial invitation to Miss Robinson's friends to be present at the shower.

Mr. Harvey Ottman is in the hospital suffering from an infection which started with a bruise on his hand.

Mrs. Ben McIntyre, of Uranium City, visited her mother, Mrs. Olga Wochert, at Violet Grove for a few days.

Mrs. Staben, of Montclair, Oklahoma, has been in D.V. Hospital for a few days. Mrs. Staben has been visiting her sister, Mrs. William Wolfchlagler.

Mrs. Mohr, of Albert, Kansas, a niece of both Mrs. Staben and Mrs. Wolfchlagler, is also visiting.

Poor wheel alignment, say General Motors service engineers, can cause your tires to drag sideways 30 to 40 feet in every mile you travel, wasting gasoline and tires.

GRAIN VS. HAY

With good hay at a premium in some of our prairie provinces areas, a preliminary test at the Beaverlodge Experimental Farm will be of interest. Oat straw and hay has been the usual beef cow winter maintenance ration there, but last fall a straw-grain ration was used and compared.

Livestock Specialist A. Reddon reports that the straw and grain brought the cows through the winter in better condition and also proved the more economical feed of the two. From both groups of 19 cows each, a 100 per cent calf crop was obtained.

One of the groups received a ration of two parts oat straw to three parts hay, plus 15,000 international units of Vitamin A per animal per day and free access to mineral mix. The mineral used at Beaverlodge contains (besides lime, limestone and cobalt-fortified loose salt in the ration of 60:15:25).

Roughage of the second group was

oat straw only, but they also received a concentrate allowance of 9 pounds of oats, 5 pounds of barley and 1 pound of legume seed screenings. Mineral mix was supplied and since no green hay was fed, the vitamin A allowance was increased to 30,000 international units.

The grain-straw ration also proved effective in the wintering of yearling heifers. Fifteen of these were included in the test with the cows, seven receiving the straw-hay and seven the straw-grain. When weighed on May 23rd, those receiving the straw-hay ration showed an average loss of 100 pounds since the start of the test on November 23rd. Those receiving the straw-grain ration lost 25 pounds only.

The tests will be continued, but results to date show not only satisfactory maintenance on the straw-grain ration but appreciable savings also. Maintenance outlay for the grain-fed animals stood at 18 cents a day compared with 22 to 25 cents for those on straw-hay. Where legume seed screenings are not available an added pound of gain may be used instead.

Safe Suicide
Note to Slave Farmers: Kerosene kinking kills. And gasoline kinking is even *safer* suicide.

(Cont' from p. 5, Col. 3)

water and let stand overnight or until thick. Combine the dry ingredients, add the melted shortening, milk, beaten egg and nut-lard, fold in the apricots which have been cut in fine pieces. (The apricots should be well drained before using.) Pour into a well-greased loaf pan and bake for about 1 hour in a moderate gas oven (325°F). Dates may be substituted in place of the dried apricots.

PINEAPPLE DATE READ

1 beaten egg

2/3 cup milk
1/3 cup melted shortening or salad oil
1 1/3 cups crushed pineapple, drained
1/2 cup chopped walnuts
1 cup chopped dates
3 cups sifted all-purpose flour
3/4 cup sugar
3 tsp. baking powder
3/4 cup, salt
1/4 cup, soda

Combine egg, milk, shortening, pineapple, nuts and dates. Mix together dry ingredients; add to first mixture, and stir to just moisten. Bake in greased 9 1/2 x 5 x 3 loaf pan in moderate gas oven (350°F.) about 65 to 70 minutes. Spread 2 tbsp. crushed pineapple over top of loaf before baking.

BANANA BREAD

1/2 cup butter
1 cup sugar
2 eggs
1/4 cup oil
1/2 cup, salt
2 or 3 bananas
5 cups sifted all-purpose flour
1 tsp. soda

Cream butter and sugar, add beaten eggs, then flour, soda and salt sifted together. Crush bananas and mix to and add nuts. Place in greased loaf pan. Bake in moderate gas oven (350°F.) for about 45 minutes.

ORANGE BREAD

3 cups sifted all-purpose flour
4 tsp. baking powder
3/4 cup, salt
1 cup granulated sugar
1 egg, slightly beaten
1/4 cup grated orange rind
1 cup orange juice
1/3 cup salad oil or melted shortening

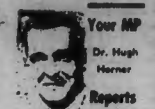

Sift flour, measure and add baking powder, salt and sugar and mix again. Combine egg, orange rind, juice and salad oil or melted shortening (slightly cooled). Pour into flour mixture and stir just enough to moisten dry ingredients; do not beat. Turn into a greased loaf pan and bake in a 350°F. gas oven for 1 hour. Remove from pan, Cool. Let stand one day before slicing.

Listen, Dad
Father, take heed: the law holds you liable for damage or injury caused by your youngster's fire-crackers.

THE ROYAL BANK OF CANADA

DEVELOPMENTS IN PARLIAMENT

The longest Senate in the history of Canada's Parliament was not to an end. Not only was it the longest, in my opinion it produced more active legislation than any other Parliament.

Small Business Loans Act. This act will give our small businessmen an opportunity to expand with the growth of Canada. There will be buy in it, but with continued wage and changes will be a bulwark for them.

The lead of our Prime Minister at the United Nations and of our Minister of External Affairs in Disarmament negotiations.

Penal reform, new laws covering narcotic and habituate drugs. Budget proposals which have caused a decline in the Canadian dollar value. This move alone has doubled our cattle exports and has been the main stabilizing factor in our cattle prices.

A new promising program for sheepmen with rail grading and premiums. Increases in Veterans Pensions and War Veterans Allowances. Establishment of a commission to study Canada's health needs. The forerunner of a comprehensive medical care plan.

Acresage payments to our farmers in lieu of a two price system.

Drought assistance and expanded P.F.A.A. Coverage. Vocational and Technical Training. An Act when the Federal Government will pay 75% if the cost of new schools and 50% of their maintenance. A real effort to try and bring our labour force skills up to date.

The continuing Winter Work Program which this past winter has provided 238,000 jobs.

Repealed declared a grain, giving to producers an additional half cent a pound.

Just recently the Bill authorizing the building of the Great Slave Railway in Northern Alberta. This passed despite Liberal opposition. For some unknown reason they voted against this Bill. This alone will in the next few years supply thousands of jobs in building and development in Northern Alberta and the North West Territories.

It has been a busy Session, I have appreciated your letters and help. Later this year our Association will be holding its Annual Meeting at Evansburg. Allow me to extend an invitation to all of you to be there.

ANNOUNCING GMC TRUCKS FOR 1962 WITH BUILT-IN BONUSES

Power Bonus: with GMC's hard-working engines

What a line-up of power there is for you in GMC's extensive range of top-performing engines! Two sturdy Sixes—famous for economy and reliability... four powerful V-8's... revolutionary V-6's and Twin-Six... famous GMC 2-cycle Diesels, giving you more ton-miles per gallon... all of them working for you day in, day out all through the year.

Now those great predictions for the "Truck Triumph of the Sixties" really pay off in built-in bonuses—in every GMC truck for 62! A bonus of owner-proved, job-tested features! Bonuses of more hours of continuous hauling... bigger payloads... safer, sounder returns on investment! Bonus of style, economy, performance, of on-the-job reliability!

And what a wealth of tried and true features you'll find in these new '62 GMC's! Features proved and improved through constant, careful engineering and testing... features to save you money, to give you the outstanding dependability you expect from GMC!

Handling Bonus: greater stability with improved suspension

GMC's independent front suspension with torsion springs gives fatigue-free ride, protects the load—makes handling a breeze!

See your GMC dealer soon—he's got the full bonus facts for you on GMC for '62—the Trucks with Built-in Bonuses!

FROM 1/2 TON TO 60 TONS

HALL - Square Dancing - 8:30 P.M.

FOOTBALL

(Cont., from page 1, Col. 3)

Despite the unfavorable weather, the game would have been a real good one had the officiating been at least reasonable. It is my honest opinion that it was not a case of favoritism on the part of the officials but the men had no idea what they were doing. If any of them ever saw a football rule book, they certainly never read one.

The Spartans struck fast with a spectacular passing attack. Gordie Tucker hit Alvin Hippie for 35 yards and completed another to Wayne Palmer for 18. With a couple of short running gains the locals were on the Walworth eleven and with a third down situation and inches to go they decided to try for the major score. They failed to make the necessary yardage and Walworth took over on downs. They also showed some aerial power in fact it was this method of attack that brought about the controversial touchdown which sent them into the lead to stay.

The Commandos got into the D.V. thirty with a couple of good running gains late in the second quarter and on the next play hit paydirt with a double forward passing play which of course was illegal but was allowed all the same. The convert was good and the Green and White were ahead 7-0. The Spartans came back in the second half to get a major on a 45 yard run by Ken McMorris. The convert attempt went wide and it was 7 - 6.

Neither team had any decided advantage in play until Tucker and Ken McMorris teamed up on a pass and run play with about three minutes left in the game. At one time it looked as if Ken might have been in the clear for a T.D. however, he was brought down on the Commando thirty. A series of rushing gains put the Spartans in the very shadow of the Walworth goal post and a third down situation. Once again they went for the big one and once again they failed to make it and so went the ball game. The Commandos took over and went out the remaining minutes of play for their first win of the season.

DELPHICS EDGE STETTLER 6-0

The Drayton Valley Delphics representing the town in Bantam football competition made it two in a row last Saturday when they travelled to Stettler to play the Stettler Junior High School squad. The final score was 6-0 in favor of the D.V. team with Cliff Lindborg going over for the major score. The convert attempt by Gordie Vastell was blocked. The Delphics controlled the ball almost at will, outwitting and outplaying the host team all afternoon. The locals rushed for approximately 360 yards and got 35 yards in the air, however, the officiating was not the most exact of the game and penalties were costly to Harold Townson's boys halting at least half a dozen certain touchdown march

as. It seemed that as soon as the Delphics got deep in enemy territory penalties came thick and fast falling one major score after another.

Gordie McMorris was the rushing star for the Red Jacks picking up approximately 90 yards on the day's play. Dave Joyce was in the quarterback slot all afternoon. The Delphics amassed a total of 18 first downs to 6 for Stettler. The host team had less than 100 yards rushing and they threw two passes in the entire game both of which were intercepted by the alert D.V. deep men.

Next Saturday, October 14, the Delphics travel to Camrose to face the Bantam squad in that city. The boys from the "Rose City" got off to a late start this season and dropped a 31-0 tilt to Stettler a couple of weeks back. It is understood, however, that the Camrose squad has improved a great deal and will be going out the remaining minutes of play for their first win of the season.

In the second half Stettler went for and run which sent them good yardage and they got a break when they recovered a punt on the Spartans' two yard line. Two plays later they were tied. The extra point was good and it was 14 - 13 ball game. Early in the last quarter the Cats panned for a single to tie up the issue. The Stettler team continued to press and finally went over on a 28 yard run to make it 20-14. But the ball game was far from over. Gordie Tucker got the ball on the kickoff and with some perfect blocking scampered straight down along the sideline to paydirt and it was a 20 - 19 game with time running out the "Cats" punted deep into the end zone, the ball was fumbled and recovered but the single point was conceded by the 21-20 Stettler win.
